

SONU LODHI

+91 9575539557

sonulodhis142@gmail.com Expert In: Python and Data Structure

Gwalior, Madhye Pradesh

PROFESSIONAL SUMMARY

Full Stack Trainer with experience in teaching React.js, Python, Django, and .NET to B.Tech, MCA, Polytechnic, and BCA students. Skilled in front-end and backend development, data structures, and algorithm design. Known for hands-on training, coding workshops, and preparing students for job readiness.

EXPERIENCE

- **Mircale IT Career Academy (2nd Feb 2023 to 30 Jan 2025):**

- Trained **MCA students and B.Tech students** on the full stack, focusing on full-stack application development.
- Conducted practical sessions on React.js, Python, and Django for seamless integration.
- Introduced students to modern front-end tools like Redux and Context API for state management.
- Guided students in hosting web applications using platforms like Heroku and Vercel.

- **Polytechnic Students (1st march 2024 to 15 may 2024):**

- Taught **C and C++ programming** to Poly-Technic Students, emphasizing structured programming concepts.
- Covered data structures like stacks, queues, and graphs for problem-solving.
- Conducted workshops on algorithm design and complexity analysis.
- Encouraged students to participate in coding contests to boost programming skills.

- **IPS College of Technology (1st June 2024 to 5th August 2024):**

- Delivered **Python programming and Django** for **B.Tech students**, focusing on object-oriented principles and backend systems.
- Explored Python's advanced features like Streams, Lambda expressions, and multi-threading.
- Helped students build enterprise-grade Python applications using Django and Flask frameworks.
- Organized hands-on coding challenges and mock interviews to enhance job readiness.

- **RNS Institute of Tehnology, Banglore (2nd feb 2025 to till now):**

- Taught **DotNet and C# programming** to BCA 2nd year Students, emphasizing structured programming concepts.
- Covered data structures like stacks, queues, and graphs for problem-solving.
- Conducted workshops on algorithm design and complexity analysis.
- Encouraged students to participate in coding contests to boost programming skills.

EDUCATION

POST-GRADUATION

COURSE	-	MASTER OF COMPUTER APPLICATION
COLLEGE	-	MPCT COLLEGE GWALIOR
YEAR	-	PURSUING

POST-GRADUATION DIPLOMA

COURSE	-	FULL STACK ENGINEERING
ACADEMY	-	MIRACAL IT CAREER ACADEMY GWALIOR
YEAR	-	2023

GRADUATION

COURSE	-	B.SC (MATHS)
COLLEGE	-	JIWAJI UNIVERSITY, GWALIOR
YEAR	-	2022

CLASS XII

BOARD NAME MP BOARD
YEAR - 2019
PERCENTAGE 85%

CLASS X

BOARD NAME MP BOARD
YEAR - 2017
PERCENTAGE 90%

TECHNICAL SKILLS

Languages: C, C# and C++ programming, Python, HTML, CSS, JavaScript, React JS, Django.

Developer Tools: VS Code, Android Studio, Visual Studio.

Technologies/Frameworks: ReactJS, Django, Dotnet, Git, GitHub, Bootstrap, TailwindCSS

PROJECTS

- MY PORT FOLIO
(HTML, CSS AND JAVASCRIPT)
- ZOMATO CLONE
(REACT JS)
- BLOG-POSTING-SITE
(DJANGO, PYTHON)
- E- COMMERCE WEBSITE
(REACT JS)
- USER-AUTHENTICATION
(DJANGO, PYTHON)
